Assignments and Requirements for Credit: Ashland is requiring that you document information for the sessions you are attending, both during the LIVE virtual event and the on-demand. **Please download this document and use it to document your session attendance.** You will submit this form with the other parts of your assignment.

Once you have completed the log, you may choose one of the options below for each graduate credit hour. Use a 12-point font, double spaced for your paper(s). If you have any questions contact: ckessler@ashland.edu

1. Write a three to five-page paper reflecting on your reaction to the concepts, strategies and/or insights presented

OR

2. As you reflect on your learning during this professional development experience, identify and explain two practices or concepts that resonated with you. In a three to five-page paper, describe how you will implement them in your district, school or classroom.

OR a combination of 1 and 2 with #3.

3. Create a presentation to share with colleagues. Include your PowerPoint and two pages describing the type of presentation, who the attendees would be, and any images links and other resources used in the presentation. -- THISIS NOT A GROUP PROJECT.

Email your assignment (log and your combination of 1, 2, and/or 3) to:
Courtney Kessler, Director of Professional Development Services, Ashland University,
